soundness, maintenance, security and safety aspects of operations and human resources development proposed to be undertaken by the applicant.

2. Choice of the aircraft type and size should be left to the operator.

3. To eliminate non-serious entrepreneurs and to achieve economies of scale, the minimum fleet size for a scheduled operator should be raised from the existing three (3) to five (5) aircraft and the minimum amount of the shareholders funds should be enhanced from existing Rs. 5.00 crores to Rs. 10 crores for aircraft of all-up-weight below 40,000 kgs and from Rs. 10 crores to Rs. 30 crores for aircraft of all up weight exceeding 40,000 kgs.

4. Induction of total capacity in the air transport sector should be predetermined on the basis of trend growth of traffic and projections made for at least a period of five years on annual basis. This information should be widely publicised to enable the entrepreneur to take investment decisions.

5. In the distribution of this predetermined capacity for induction, while preference will be given to Indian Airlines according to its fleet augmentation plan subject to its ability to do so, to meet a share of additional capacity that would emerge each year, there would not be any pre-determined restriction on the induction of capacity by private operators.

6. The present policy of route dispersal guidelines be retained and strictly enforced. According to these guidelines, all scheduled operators are required to deploy in the North-East, Jammu & Kashmir, Andaman Nicobar Islands and Lakshadweep 10% of their capacity deployed on the specified trunk routes.

Upgradation of the Srinagar airport

285.DR. KARAN SINGH: Will the Minister of CIVIL AVIATION be pleased to state:

(a) whether the long standing decision to upgrade the Srinagar airport into an international airport will be implemented;

(b) whether the Jammu runway will be extended in order to receive larger planes; and

(c) if so, what is the probable date for completion of these two projects?

THE MINISTER OF CIVIL AVIATION AND MINISTER OF INFORMATION AND BROADCASTING (SHRI CM. IBRAHIM): (a) Srinagar Airport belongs to Defence authorities. For upgrading Srinagar Airport to international standards, the matter is under examination in consultation with Ministry of Defence.

(b) and (c) Yes, Sir. Runway at Jammu airport is planned to be extended to 7500' to cater to AB-320 class of aircraft without load penalty. The land requirement has been projected to the State Govemment. After the land is made available to AAI, the project will be taken up.
